

Don't take our word for it...

Goodyear Ski Club – Jerry Solnick

Jan and Crystal were very good in answering any questions or concerns I had. If they didn't have an answer at the time, they were prompt in finding out and calling me back. Your company has always been very helpful & professional. You have never steered me wrong. Keep up the good work. I have nothing but good things to say about your organization.

Sanctuary Ski Club – Cathy Draayers

Karl was helpful in talking to the bus company when the bus broke down. Everyone I spoke to was courteous on each call. If they were not the correct person to speak with they connected me to the correct person. I love the reminder emails about critical decision dates. Your staff is on top of things.

Rochester Ski Club

Jan & Crystal were very helpful arranging everything and answering my questions. I am pleased working with your agency. Everything is handled in a professional and courteous manner.

Piccadilly Ski Club – Dan Gifford

Shari & Jan always very prompt in returning phone calls and changing reservations and answering questions. No need to change anything. I had a great experience dealing with everyone at Winter Ski & Sport. Thanks so much for everything!

Thunderbirds – Ron Glowzinski

Jan reminded us of due dates for air & room payments. Karl was helpful with payment arrangements and had people at the lodging facility to help us. Crystal helped with air check in issues.

The Valery Group – Valerie Smith

Karl got great condos for my needs He always works hard to make rooms work for me. Winter Ski & Sports always work well to make my trip be one of the top 10 events of the year! Looking forward to 2012 trip.

Thunderbird Ski Club – Gary Green

Your staff handled special situations very courteously, even when I made mistakes. Although I have been on many western ski trips, it's much different running a trip than being on one. Your staff was humble, courteous and efficient. My hats off to them!

York Ski Club –

Paige Peterson has extensive knowledge of ski areas. He kept up on the best air available and was able to switch our group from United to Southwest.

NASA Goddard Ski Club – Thomas Johnson

Overall it was a super trip! Thank you very much for your organization and support! Fantastic job!

Roanoke Ski Club – Dudley Parks

The trip was a huge success due to pre trip preparation on your part. The drivers and luggage staff were at Albuquerque airport waiting for us upon arrival. This is a huge deal for a trip leader because of the long day of travel. Thanks Dan for all your help.

Skiers Ltd – Walter Doyle

The wine glasses for you are a small way of saying thank you for your excellent and efficient efforts in arranging such a wonderful ski trip for us. Every time you enjoy a glass of wine with the glasses we hope you think good thoughts of your Columbus friends in Skiers Ltd.

Columbia Ski Trip – Molly Hochman

Dan was very attentive to all parts of the trip, from beginning to end. Your contracts are easy to read and use. Communications were timely and useful. As we got closer to the trip and we had extra problems to work out, Dan was very helpful. Dan also was helpful in preparing the final bill a little early due to timing circumstances.
